

HOOKIN2 HOCKEY

CONGRATULATIONS
ON RECEIVING
A HIN2H PACK

Hockey Australia Recommends Wearing a Gameday Custom Mouthguard.

Every year thousands of sports people are treated for dental injuries that could have been avoided by wearing a protective, custom-fitted mouthguard. Wearing a custom-fitted mouthguard helps absorb and spread the impact of a knock to the face and mouth, and also provides a higher level of comfort than an over-the-counter mouthguard. You can also communicate better with one in.

Custom-fitted mouthguards (Recommended)

A custom-fitted Gameday mouthguard provides you with all the benefits of a custom mouthguard from the dentist, but from the comfort of your own home. With their Home Impression Kit, you take the impression at home, send it back to their lab in Melbourne (all postage is free), and within 5-9 business days you'll receive your fully custom mouthguard ready for your next hockey game.

Their prices start at only \$69.

Hockey Australia Give every Kid a Go!

The 'Hookin2Hockey - Give Every Kid A Go' campaign is aimed at reaching a bigger and broader group of Australian children and giving them the opportunity to experience the sport of hockey. The ethos for Hookin2Hockey (Hin2H) is simple; Hin2H provides children with a fun, safe environment to fall in love with the game of hockey.

Our ambition

We aim to reach 90,000 children through Hookin2Hockey by 2020. To achieve this target, Hockey Australia needs to provide support to its local associations, clubs, schools and volunteers to assist in the delivery and facilitation of the Hin2H program. Donations of all denominations are welcome and this is an example of how your donation will help:

- \$85 pays for a disadvantaged child to try hockey in an 8 week Hookin2Hockey program.
- \$250 pays for a Hookin2Hockey coach to mentor community volunteers.
- \$550 buys a Hookin2Hockey school pack to be donated to a local community program, assisting in 30 disadvantaged children to take part in their first Hookin2Hockey clinic.

**All donations over \$2 are tax deductible.*
